## Web Design

In today's marketplace the Internet is a marketing tool you cannot afford to be without. A successful website is about marketing your products or services and generating revenue. The benefits of your products and services should be clearly seen with the use of crisp, clean content and imagery in a well organized and attractive format with easy to use navigation. JCD will equip you with what you need to establish or enhance your web presence with dynamic websites.

Our Services include:

- Creation and design of new websites
- Redesign or enhancement of existing websites
- Web hosting and domain name service
- Website Maintenance
- Flash Presentations, Tutorials and Intros
- Podcast Websites
- Blog Page Development
- E-Commerce (Paypal) Websites
- Search Engine Optimization
- Email Account Setup
- Cross Browser Compatibility (IE, FF, SF)
- Custom Forms
- Animated Banner Ads
- Online Videos
- Online or CD Flash Slideshows
- Wedding Websites
- Family Heritage Websites

## Marketing Services

We are now offering effective marketing solutions to promote what you do and achieve the success you want.

- Facebook Web Page

## Website Prices

We offer affordable websites to fit your budget. One half of the payment is due when the process begin and the balance is due when the website is completed. The fees below include an annual \$80 hosting and domain setup fee. Extensive website coding and development may require additional charges. A contract must be signed by client for all website orders.

Website + Hosting Fees		
Mini	3 Pages	\$330
Standard	5 Pages	\$530
Large	10 Pages	\$880
Premium	10+ Pages	\$75/per page
